

JNS Architecture and Interior Design

1600 Wynkoop Street, Suite 100
Denver, Colorado 80202

About the Firm

JNS is a leading architecture and interior design firm in downtown Denver, built on 30 years of experience. We specialize in hospitality centric projects with a focus on hotel, recreational, multi-family housing, mixed use, urban infill, adaptive reuse, and historic preservation projects. From restoring local landmarks to defining emerging neighborhoods, our hands-on, collaborative, and award-winning approach respects each site's unique history and context.

Parking Information

There is no assigned parking at this location. Nearby metered parking spots are subject to availability. There are a number of pay-for parking lots and garages located in the vicinity as well. JNS can not reimburse parking costs.

Accessibility Information

There is a doorbell for our suite on the Wynkoop Street side, as the building has secured access. The ground floor is accessed via a five-step stair from Wynkoop Street, but a wheelchair lift is located at the back of the building/alley.
