

# ZIMMER GUNSUL FRASCA ARCHITECTS LLP

1350 17th St. Suite 250  
Denver, CO 80202

## About the Firm

ZGF is an industry leader in sustainable and regenerative design. As stewards of the built environment, our applied research and learnings over the past 70 years allow us to invent new approaches that address urgent climate challenges in complex building types including laboratories, hospitals, learning spaces at colleges and universities, and corporate headquarters. Our practice connects communities and is committed to the stewardship of people, place, and the environment.
