About the Firm

11 x 17 is an award-winning design practice with offices in Denver and Toronto. Founded in 2022 by Alex Yueyan Li and Mahsa Malek, the firm creates built and speculative works across multiple scales, including exhibitions, furniture, interiors, books, and buildings, united by a critical examination of material origins. In 2025, the practice was awarded the League Prize for Young Architects + Designers from the Architectural League of New York.
